Portland Materials Transparency
Collaborative (PMTc)

Michael is the owner and founder of M.Thrailkill.Architect LLC, a Portland-based architectural resources consultancy, providing specification writing, cost estimating, product and materials research, and document review to architecture firms who demand a high level of collaborative design interaction.

With over twenty-six years of professional experience, Michael is an architect and specifier with experience in all aspects of design and planning practice, from documentation and designing in Miami for projects in Florida and the Caribbean, to staff organization, documentation and construction administration in New Haven for projects in New York, New England, Idaho and Wyoming, to Portland for designing, project management, specifying and estimating on projects throughout the Pacific Northwest and in countries around the world. He founded his practice in 2015, providing architectural resources and consulting to architecture and interior design firms in Portland, Salem, Seattle, Vancouver BC, Los Angeles, Miami, Richmond and New York.

Prior to starting his own practice, Michael was an Associate at Yost Grube Hall Architecture, a Portland firm with a long tradition of excellence in higher education design in the Pacific Northwest as well as corporate and government projects in overseas markets. He travelled extensively during his tenure at YGH, in support of clients' projects in Egypt, England, the Gambia, Honduras, Ireland, Lebanon, the Netherlands, Panama, Scotland and the United Arab Emirates. He has provided regional specifications and cost input for projects in additional locations, including Angola, Ecuador, Kazakhstan, Kuwait, Mozambique, Pakistan and Turkmenistan, as well as domestic projects in Arizona, California, Florida, Hawai'i, Idaho, Oregon, Michigan, Texas and Washington.
